THE COG DESIGN APPROACH TO REBRANDING

This document introduces the COG Design approach to developing brand design systems. We're a trusted professional creative design agency that remasters old analogue brands and rebrands them to become timeless assets of the future.

COG Design develop brands that harness the strength of emotion while communicating values and the core business offer. We also take this opportunity to provide Case Studies that showcase the brand solutions we have delivered our clients.

SO, ARE YOU READY TO BUILD BRAND EQUITY AND CONNECT IT TO YOUR BUSINESS?

The COG Design focus is to build human value in your brand so it serves the business autonomously, like a person would.

START!

WE SOLVE COMMUNICATION PROBLEMS. IT'S HERE OUR SKILL IN CONNECTING BRAND TO BUSINESS IS DELIVERED.

We focus on emotionally considered thinking, innovative design systems and use tactical strategies to achieve our project objectives. Our goal is to develop a sustainable approach to business for our clients.

SUSTAINABLE BUSINESS MODEL

FOR THE BUSINESS**

PARTNERSHIPS.**

REBRANDING THAT DELIVERS

We confidently rebrand corporate identity and brand image, and ensure that the new creative assets will support an updated and current business vision. Our rebranding focus is to engage the identified targeted audience and instil confidence in the business stakeholders.

Brand is about communication, and providing proof of values and performance to drive engagement with the target audience. Emotionally considered brands that meet commercial objectives are ones that win!

Build relationships

Move away from the 'hard sell' and think more about the 'unique selling proposition' around your brand. People don't just buy products – they buy aspiration and experience. Customers don't engage with a business, they choose to be in a relationship with your brand

Create a human quality

Online marketing and social media platforms allow customers in today's market to quickly and easily see the 'real' you. If customers come across your brand and they don't like what they see, if they don't feel respected or valued by your business, or think that you aren't being authentic, you lose their trust and their business forever.

Be consistent

Giving mixed messages can easily lead to mistrust and suspicion. Act the same way online as you do in person and be consistent across digital platforms. While it is important to always customise your approach to each platform, your core message, style and identity should remain the same.

THE COG DESIGN SERVICE SUITE

These are our areas of expertise that when activated via a Brand Management Strategy, it will provide a sustainable approach to results-driven brand design and marketing for your business.

HOW REBRANDING HELPS YOUR BUSINESS

YOU CAN APPEAL TO A NEW TARGET AUDIENCE.

Pivoting facets of your brand identity to target a new audience is one of the most common reasons to rebrand.

YOU CAN COMPETE WITH NEW, CUTTING EDGE COMPANIES.

The internet has significantly lowered the barriers to entry for businesses—anyone with a laptop and an idea can launch their own product or company. In other words, the competition is fierce.

YOU CAN ATTRACT TOP-TIER CLIENTS AND TALENT.

It's not uncommon for young startups to get caught up in the day-to-day grind of starting a new business and view branding as an afterthought.

YOU CAN IMPROVE BRAND AWARENESS AND LOYALTY.

Storytelling is one of the most powerful tools in a branding agencies' arsenal. Humanizing your company via an eco-conscious mission, heartfelt background story, or thought-provoking video campaign will make your business stand out in the minds of customers.

HOW BRAND CONSISTENCY HELPS YOUR BUSINESS

GENERATES FAMILIARITY.

Brand awareness is name recognition. But being known is not the same as being known for something. In order to be a powerful brand, build brand familiarity: let your customers and potential customers know who you are, what you offer, why you offer this.

PURSUES CUT THROUGH.

The concept in brand marketing titled “cut-through” is achieved via consistency. A brand with a presence stands out and is noticed within a crowded market. Having cut-through is a highly desirable quality for a brand to have, and over time it builds brand equity.

BECOME A COMPETITOR

A brand in competition is a healthy one. It means it’s in market, working and communicating. If a brand is not competing it’s not doing its job as an autonomous sales agent for the business it’s representing.

GENERATES EQUITY AND VALUE

Ensuring a brand is consistent throughout its messaging, creative, positioning and in-market activities will build brand equity fast. And a brand with equity can offer more value to its customers and the business itself.

HOW A MANAGED BRAND HELPS YOUR BUSINESS

SERVICE AND NURTURE INVESTMENTS.

There's far greater ROI in keeping an existing customer than recruiting a new one, and a strong brand idea can optimize your marketing budget. Managing your brand will secure communication channels and strategies, all driven by time and money.

REAFFIRMS BRAND PROMISES.

Your brand works as a glue, binding customers to your brand so they stay with you, grow with you, and tell others about your brand. It helps you identify your best customers and to direct special efforts against them.

ENGAGES THE TEAM

Your brand works as a “North Star” that you're employees follow. As a result, employees feel more engaged, work harder for your brand's success, and become great ambassadors for your brand.

CREATES EFFICIENCY IN MARKETING

A clearly articulated brand with identified assets and parts makes marketing more efficient and effective. Marketing needs to focus on selling brand or products and service. Once this is made clear, the focus can simply be on strategy and performance.
